Delivery Procedures and Waiver of Liability Form

The following is a list to be considered by the customer prior and upon delivery

1. Mark a safe location with something visible to the driver such as: ribbon, cones, flags, painted stakes, etc..
2. Any load that is not off-loaded by a lift must be dumped.
3. Trucks may be off-loaded by hand if the customer provides adequate assistance and a fee of \$60.00 per hour after the first hour will be added to the bill.
4. If using an on-site lift, what is the lift capacity? _____
5. For loads that are dumped on hard surfaces (asphalt, concrete, etc..) it is recommended the customer lay down a large sheet or sheets of plywood or other protective material such as hay, sawdust or sand to prevent damage to surfaces.
6. If there are no appropriate dumping sites, customer is responsible for freight charge even if stone is returned.
7. Blue Ridge Mountain Stone will not be held responsible for any damages to property due to dumping in customers' appointed and approved location or by signed entry permission.
8. Blue Ridge Mountain Stone will not dump on finished concrete, asphalt, etc... without a signed consent from customer.
9. Signed permission must be given by owner or responsible person for entry and unloading procedures.
10. Unloading procedures that exceed one hour shall be charged the flat rate of \$60.00 per hour.

****When placing your order, please check with our office for approximate weights of materials ordered and truck weight limits per load. Also note, there is an \$80 lift fee for loads where a lift is required for offloading of stone onto designated site****
